Chris,  
Let me know when you can talk. Want to tell you about some new developments.  
Joe

Chris and Jim,

Just a heads up that we will be looking at the surface water and process water systems on Tuesday. We are coordinating with your folks and Paul Morrow. We will also be sampling the discharge points associated with both systems. Cris DOnofrio will be coordinating this effort. Our intent is to obtain information on the operation of both systems since we expect to be doing so in the near future.

Joe

**Subject:** Tonawanda Coke Tuesday  
10/23

Hi Bob and Paul  
EPA wastewater samplers (Kathy  
Savino and Bob Morrell) will be on site

at TCC on Tuesday 10/23 starting in the morning.

I plan on being up there as well  
Let me know if you both will be able to come to the facility - I think your expertise will be invaluable in the sampling but also in generally understanding all of the processes generating wastewater and the different wastewater treatment units.

My cell is 917 864 5467  
Or my work phone transfers to the cell.  
Please let me know if you can come on Tuesday and perhaps Wednesday as well. Our Emergency Response personnel and some contractors will also be on-site.

Also send along your cell phone numbers.

Thanks

Murray
